

Ventura County Community College District Bid 569, Low Voltage, Data Telecommunications and Audio Visual Installation for Ventura County Community College District Addendum 1

July 31, 2018

This addendum is hereby made a part of the contract documents to the same extent as though it was originally included therein and takes precedence over the original documents. Acknowledge receipt of the addendum on the Bid Form.

It is the responsibility of the Bidder to verify that their Bid Proposal and all addenda has been received and delivered to the VCCCD Purchasing Department prior to the bid opening date and time. Verification of receipt can be obtained through the listed Purchasing Specialist.

Question and Answer:
(Questions are written exactly as they were submitted)

Question:

On page 17, #6 of the Bid Requirements it states that preferential consideration will be given to vendors who also hold a C-10 license.

Is this quantifiable (i.e. 5%, 10%) consideration?

Answer:

A vendor who also holds a C-10 as well as a C-7, which is required, will be given up to 5 points. Since the award is based on hourly rate of various classifications, we allow one point per classification not to exceed five points total.

Example: Project Manager is quoted at \$95.00 per hour; one point can be given to that classification. When analyzing bid submissions, we would use \$94 per hour when calculating the award.

We rarely have a need for a vendor with both a C-7 and a C-10 contractor license's so consideration is minimal.

We also consider Education Code § 81645, see General Instructions #16:

In the event that this bid calls for the acquisition, procurement or maintenance of electronic systems, data processing, electronic telecommunication, supporting software, related materials, goods and/or services, a community college district may contract with one of the three lowest responsible competitive proposals or bids per Education Code § 81645.

End of Addendum 1
